PETITION FOR REVIEW

Pursuant to Section 16(b) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), 7 U.S.C. § 136n(b), and Rule 15(a) of the Federal Rules of Appellate Procedure, Petitioners Center for Food Safety and International Center for Technology Assessment (collectively Petitioners) hereby petition this Court to review and set aside the final order of the United States Environmental Protection Agency (EPA) granting conditional registration of the product “NSPW-L30SS,” (formerly “Nanosilva”), containing the active ingredient nanosilver, for use as a non-food-contact preservative for plastics and textiles.

The challenged final order was announced in a regulatory decision document dated May 15, 2015 and posted to EPA Docket EPA-HQ-OPP-2012-0594-0026 after public notice and comment, and without any agency adjudication or hearing. Pursuant to 40 C.F.R. § 23.6, the order became official on May 29, 2015. A copy of this final regulatory decision document is attached as Exhibit A to this Petition.

CORPORATE DISCLOSURE STATEMENT

Pursuant to Federal Rule of Appellate Procedure 26.1, Petitioners Center for Food Safety, and International Center for Technology Assessment certify that they have no parent corporations and that no publicly held corporation owns more than 10% of the Petitioners.

Respectfully submitted this 27th day of July, 2015.
