

hereby petitions this Court to review the order of the United States Environmental Protection Agency (EPA) approving the interim registration review decision for the fungicide difenoconazole (the Interim Registration). *See* Exhibit A.

Petitioner respectfully petitions this Court to hold that: (1) EPA violated its duties under FIFRA in approving the Interim Registration; and (2) EPA violated the Agency's duties under the Endangered Species Act (ESA), 16 U.S.C. §§ 1533-44, by failing to consult with the United States Fish and Wildlife Service or the National Marine Fisheries Service to insure that the Interim Registration will not jeopardize any listed species or destroy or adversely modify any of their critical habitats, *see* 16 U.S.C. § 1536(a)(2); and (3) to grant relief as may be appropriate.

The challenged order was announced in a document signed on March 31, 2022, EPA Docket No. EPA-HQ-OPP-2015-0401. *See* Exhibit A.

Respectfully submitted this 13th day of June, 2022.
